

Joy Poskozim DDS FSCD CDP

**Our geriatric communities are underserved.**

**Especially those patients with Alzheimer's disease or dementia, or who are otherwise homebound, in residential care or assisted living communities.**

Through **geriatric house call dentistry**, clinicians provide dental care when, where and how it meets the individual patient's needs. Joy V. Poskozim DDS FSCD CDP, a general dentist and national speaker teaches dental and medical audiences what they need to know and what they need to do to provide mobile dental care to patients in the comfort of their home environments.

Dr. Joy's true passion is being an advocate for the geriatric population. She is the dental director for several nursing care facilities, educating staff as well as providing care to nursing home residents. She also makes house calls in and around the Chicagoland area. Dr. Poskozim has been in private practice for 25 years, practicing integrative health general dentistry at her office on the northwest side of Chicago, and has been performing dental procedures on the home-bound for over 16 years. In 2017 she earned her *Dentistry in Long-Term Care Certificate* from the University of the Pacific Dental School, her Fellowship with the Special Care Dental Association Geriatric Council in 2018, and is certified as a Dementia Practitioner as of 2021.

Dr. Joy is a 1990 graduate of Marquette University, and New York University College of Dentistry in 1994. She completed a GPR from Woodhull Medical Center in 2000 where she was awarded Resident of the Year.

## Testimonials:

### COMPELLING & HEARTFELT PRESENTATION

"Dr. Joy Poskozim shares her passion and expertise in geriatric dentistry with a compelling and heartfelt presentation. She lays the groundwork for the specialized care these aging patients require and shares the secrets to building your practice by servicing this growing segment of the population. Every practice can implement the skills she presents."

**-Dr. Susan McMahon, AAACD Catapult Education**

### ACCESSIBLE & EXCITING

"Dr. Joy offers an enthusiasm and expertise for dentistry that is both accessible and exciting. Her passion is palpable and as an integrative dentist I've learned much from her about the interconnectedness of mouth and whole-body health."

**-Kate Alpert, Women Belong**

### A TRUE EXPERT IN THIS UNDERREPRESENTED FIELD

"Dr. Poskozim has a true passion and drive to increase access to dental care for our aging population. She is a true expert in this underrepresented field. She delivers technical expertise while also inspiring others to get more involved in the field of geriatric dentistry. I think you will find her passion contagious."

**-Stephanie Goddard; EVP, Glidewell Dental**
